Summary: All my song one-shot in one! And more will come.

1. Blessings

Hiccup and Astrid were flying west to look out for any berserker ships. what was a look out slowly turned into a race,

"Catch me if you can!" Hiccup yelled over his shoulder.

"I will!" Astrid yelled back,

"No you won't!" Hiccup mocked. He was so distracted that he didn't see the Thunderdrum heading right to them. toothless roar made him look. It was to late. The two dragons collide and Hiccup is sent flying off toothless, the rope keeping him on snapping in two. he was about to soar straight over the purple Thunderdrum when it's tail came whipping at him. Causing him to be trashed towards a sea stack. toothless was holding onto the Thunderdrums head but when it let out it's deafening scream he let go and plummeted into the cold water. Hiccup wasn't so lucky. He landed on the sea stack hard. Astrid saw the whole thing and had Stormfly drop her onto the rock.

"Hiccup!" She said rushing to him. he was slightly losing consciousness. It looked like his left arm was broken and his medal leg had been snapped off in the crash and was floating in the water below. There where probably more wounds underneath the surface. He didn't look good. She carefully lifted his upper body. Not willing to leave him she sent Stormfly back while Toothless scratch at the sea stack. urgently trying to get to dry land.

"Astrid?" A small voice is heard,

"Shh." She soothed him rocking both of them slowly back and forth. "It's gonna be ok." then she thought. If their gonna be here for awhile she better think of something to do. then she remembered,

"Hey, Hiccup? do you remember that song my mom taught us before she left this world?" She remembered. She was reluctantly taken over to the chiefs house along with the others to learn this song. He nodded. She sighed before beginning.

We pray for blessings, we pray for peace,

Comfort for family, protection while we sleep,

We pray for healing, for prosperity

We pray for Your mighty hand to ease our suffering

Hiccup lay quite in her arms. listening.

And all the while, You hear each spoken need

Yet love us way too much to give us lesser things

'Cause what if your blessings come through rain drops?

What if Your healing comes through tears?

What if a thousand sleepless nights are what it takes to know You're near?

What if trials of this life are Your mercies in disguise

Astrid closed her eyes in sadness. holding back the tears she knew would come. Hiccup joined her for a few verses.

**We pray for wisdom, Your voice to hear**

**We cry in anger when we cannot feel You near**

**We doubt your goodness, we doubt your love**

**As if every promise from Your word is not enough**

**And all the while, You hear each desperate plea**

**And long that we'd have faith to believe**

**'Cause what if your blessings come through rain drops?**

**What if Your healing comes through tears?**

**What if a thousand sleepless nights are what it takes to know You're near?**

**What if trials of this life are Your mercies in disguise**

She looked up. letting the tears fall

When friends betray us

When darkness seems to win

We know that pain reminds this heart

_T_**_hat this is not,_**

This is not our home

It's not our home

She looked down to see Hiccup crying a little. from the pain or sadness, she didn't know.

**'Cause what if your blessings come through rain drops?**

**What if Your healing comes through tears?**

**What if a thousand sleepless nights are what it takes to know You're near?**

Hiccup stopped singing.

What if my greatest disappointments

or the aching of this life

Is the revealing of a greater thirst this world can't satisfy

What if trials of this life

The rain, the storms, the hardest nights

Are your mercies in disguise?

Astrid carefully wrapped her arms around hiccup some more to hug him and began rocking them again. toothless had made it up and was laying next to them. looking sadly at his best friend. After awhile they heard the flapping of wings.

"Astrid!" Stoics voice is heard over head. He sees hiccup in her arms and landed. Coming over he sees their both crying and he decided getting them both home was the most important thing. "Come on." He said helping her up then gently picking up hiccup. "Lets get you two back were you belong."

* * *

><p>The song is Blessing by Laura Story. I have become in love with this song.

2. Make it Shine

"Useless!"

"pathetic."

"you don't deserve to be called a Viking." these words were only the tip of the iceberg. the words that stung hiccup ever since he learned how to walk it seemed. He coughed from the smoke in the forge. He was doing what he was forced to do. Sharpen a big, heavy sword. it was making sparks on the stone as his thoughts turned to dragons. He

needed to kill one that's what would stop the torment. He almost immediately dropped the sword on the table and grabbed a piece of paper. running into the back he grabbed the ink and pen gobber thought was well hidden and started drawing ideas to shoot down a dragon.

"Hiccup! what do you think your doing?" Gobber's voice came from behind him.

"Uh, nothing."

"Exactly, now get back to work. it's almost time for you to get home."

"Yes gobber." He sighed and picked the sword back up with an effort as he watched gobber throw his paper In the fire.

* * *

><p>Hiccup scrunched up as his stomach growled. another day when he was demanded by his father to go to bed with no supper. that was partly because Gobber told him that he was slacking at work. soon he fell asleep to the growling of his internal organs.<p>

he woke to banging on the front door. he sat up and heard a voice.

"Useless open the door!" It was spitlout by the sound of it. he walked down and opened the door to find the teens and spitlout.

"It was you I know it!" Snotlout yelled. He had his dads cloths on and was holding ripped up cloths.

"What?" Hiccup asked.

"You know stupid, You ripped up my cloths!" Snotlout yelled again.

"I-I didn't!"

"You did or you didn't, your the only one who knows were snotlout keeps his cloths. he told stoic. your under house arrest." Spitlout said. before hiccup could say anything someone stepped up.

"Hey! Leave him alone." It was a girl, with long brown hair and was pretty tall.

"Why and who are you?" Spitlout asked.

"He didn't destroy this boys cloths. the boy did it himself to get his cousin in trouble."

"That's ridiculous!" Exclaimed spitlout looking at his son.

"Yeah! I wouldn't want to wear my dads clothing!" The girl ignored them and grabbed hiccups hand. leading him into the village.

"Wait I-"

"Quiet." She whispered as they stopped near the center of town. "Your

alone right? You feel like you need to make your mark?"

"I can't do that."

"Why not?"

"I'm the village screw up."

"Ug!" She let go and stood in front of him.

Here I am, once again

feeling lost but now and then

I breath it in to let it go

"What are you doing?" Hiccup asked. a crowd had started forming. she smiled.

And you don't know where you are now

or what it would come to

if only somebody could hear

When you figure out how

your lost in the moment you disappear!

The crowd had thickened. she raised her arms in the air.

You don't have to be afraid to put your dream in action

**your never gonna fade you'll be the main attraction **

She put her hands on his shoulders.

Not a fantasy,

just remember me

** when it turns out right**

cuz you know that if you live in your imagination

tomorrow you'll be everybody's fascination

in my victory just remember me

when I make it shine!

She let go and looked around at the crowd with a fierce look of determination.

reachin high

feelin low

I'm holding on but letting go

I'd like to shine

I'll sine for you

She pointed to hiccup and winked. Then she went next to him and put one hand on his shoulder and put the other one his chest.

And it's time to show the world how

it's a little bit closer as long as I'm ready to go

All we have is right now

as long as you feel it inside

you know!

She let go of him and spun around, arms streached as she sang the chorus

You don't have to be afraid to put your dream in action

**your never gonna fade you'll be the main attraction **

Not a fantasy,

just remember me

** when it turns out right**

She stopped and looked again, directly at Hiccup.

cuz you know that if you live in your imagination

tomorrow you'll be everybody's fascination

in my victory just remember me

when I make it shine!

She pointed out to the crowd and moved her arm around to show she was talking about all of them

Everyone can tell you how it's all been said and done

that harder times will change your mind and make you wanna run

She ended looking at the teens.

But you want it

and you need it

like you need to breath the air

she put her arm around hiccups shoulder

If they doubt you

she poked his nose with her free hand

just believe it

that's enough to get you there!

She took his hands in hers and started spinning them both.

You don't have to be afraid to put your dream in action

**your never gonna fade you'll be the main attraction **

Not a fantasy,

just remember me

** when it turns out right**

she stopped and hiccup nearly lost balance but she caught him, looking at him and singing still holding him up.

cuz you know that if you live in your imagination

tomorrow you'll be everybody's fascination

in my victory just remember me

when I make it shine!

She let him go and waved. then just started walking away. Hiccup never saw her again after that. After awhile the villagers forgot. Then two years later he shot down a night fury and his title went from Hiccup the useless to Hiccup the Dragon rider. She was right. And he never forgot her. He doesn't think he ever will.

* * *

><p>Song: Victoria justice make it shine.

3. Berk Fever

Valka was trying to get the cake ready in the great hall.

"To lonely." She mumbled taking off the wooden statue of just Hiccup and putting a different wooden statue on top. it was of Him and her Standing slightly apart. "To stiff." She put another one on. "No I can't do that." She finally got one that was of him and toothless. She sighed. "Come on. This is for Hiccup. it's gotta be perfect." She said.

"Relax!" Astrid yelled from the ladder she was on. "It looks great! Speaking of Perfect." She got down. "Check that out." infront of the great hall was a banner saying "Happy Birthday Hiccup"

"Astrid are you sure I can leave you here in charge?" She asked.

"Don't worry." Astrid insisted. Valka looked over to her cake.

"Ruffnut what are you doing?" She asked walking over.

"I'm not eating cake." She lied.

"Ruffnut-" Valka stated.

"But it's Cake!" Ruffnut said. Cake was rare on Berk.

"But it's for Hiccup." Valka said,

"And It's for Hiccup." Ruffnut sighed. She watched Valka go and secretly took the cake out of her mouth and put it on the hole she made. She looked outside.

"Oh it's time!" She exclaimed.

"For what?" Astrid asked.

"Are you sure you got this?" She asked heading for the doors.

"I'm sure." Astrid reassured her.

"And don't touch anything!" She ordered.

"I'll just stand here." Astrid told her.

"I might walk around." Ruffnut commented.

"Keep and eye on the cake!" She yelled as the doors closed. Stormfly walked over.

"She thinks your an idiot." Astrid said in a voice like it was stormfly talking.

"Well clearly she is wrong." Astrid said. She started walking and almost knocked the cake down. She saved it in time. Stormfly gave her a look.

"What? It's fine." She said. Ruffnut looked up at the banner.

"I can't read. or spell." She said.

* * *

><p>Valka got to their house and walked up to her sons room. She hid around his bed.<p>

"Psst!" She said waking toothless. She Put a finger on her lips to him and he smiled his toothless smile. She popped her head up to look at her son sleeping. "Hiccup?"

"Yeah?" He asked half awake.

"Happy birthday!" She said smiling.

"To you." Hiccup sang still half asleep.

"It's your birthday silly." Valka said.

"To me." He smiled in his sleep. He started getting up. "It's my birthday?"

"Come on!" Valka grabbed his arm.

"It's my birthday?" He asked again.

"Get your armor on. Because." She began singing as he ran over to his walk in closet to change.

You've never had a real birthday before.

Except of course the ones you spent without your mother.

So I'm here way to late, to help you celebrate! And be your birthday date.

If I may.

Valka sneezed. Toothless walked out of the house, seeing he felt to leave the two alone and spotted three terrible terrors running for the great hall. Hiccup came out to valka dressed. he started singing.

Mom I'm thinking you might have a cold.

"I don't have a cold." She insisted. "Besides-"

_A cold doesn't bother me anyway. _

she smirked. "Just follow the string!"

"Wait, What?" Hiccup asked. She held out a string that led downstairs.

_I've got big plans I've got surprises for today _

nothing but nothings gonna get in our way

The string led Hiccup to a chest. Valka opened it and took out a bracelet with a small gem that had the berk crest. she put it on him and they continued.

I've worked for weeks, planed everything within my power

I even got Astrid and Stormfly to take a shower!

Said person spotting three Terrors climbing onto a table with a punch bowl, she tried to grab them but got covered in the sticky stuff instead.

If someone wants to hold me back

I'd like to see them try

Hiccup opened a dresser to find small version of the great hall.

"Oh." He said smiling. They headed outside.

I'm on a birthday plan attack

I'm giving you the sun the moon and the sky!

She sneezed again as Hiccup sniffed some flowers she got him. they rushed to wooden planked with ropes attached to take them up a cliff. hanging next to it was a basket. They didn't see more Terrible terrors come from a cave and run for the great hall.

I'm making today a perfect day for you

"Oh sandwich." Hiccup said grabbing the idem from the basket. he was holding the great hall model and the other gifts yet.

I'm making today a blast if it's the last thing I do

Hiccup looked up to see strings hanging from trees in the woods. Valka jumped on a small natter, not yet fully grown and grabbed Hiccups arm so he could jump on. the nadder started running through the strings.

For everything you are to me and all you've been through!

Hiccup was hit in the face with a scarf she turned and pulled it down.

I'm making today a perfect day for you!

"Achoo! Achoo!" she sneezed twice.

"Are you ok?" Hiccup asked.

"I'm fine." She said rather quick as the natter got back to the village. "Achoo!" She sneezed again. right behind them a dozen or more terrors climbed out of the cave and ran for the great hall. Astrid was having a little trouble.

_Surprise. Surprise this one is specially _

She sneezed again and Hiccup sighed.

Wow

You've got me reeling but I'm still concerned for you

I think it's time that you go home and get some rest

We are not stopping cause the next one is the be-

She sneezed again as Hiccup looked at the snow globe. More terrors manage to sneak past them.

Mom you gotta go lie down

No way we have to paint the town!

Valka opened the door to the forge that was next to the stall.

But you need medical attention

Gobber popped out "Are you sick?" He asked then started singing to Hiccups amusement.

How bout a cold remedy, Of my own invention!

"No thanks." Valka walked away. Hiccup started following but even though his arms were full he grabbed the bottle.

"We'll take it." He said. They came to some young Vikings and they started singing.

We're making today a perfect day for you

Making today a special day!

Valka added

We're singing a birthday song to make your wishes come true

wishes come true!

We love our chief Hiccup

Valka sneezed and turned around with Hiccup just as the kids were almost trampled by terrors.

And I love you too

Yes we're making today a perfect day

Fabulous day in every way

we're making today a perfect day.

Astrid was trying at all cost to stop all the terrible terrors from ruining the cake. She grabbed Ruffnuts helmet and used it as a bowling ball to get some terrors away from it. Then she saw some terrors on the banner. it broke.

"I can fix it!" Ruffnut said grabbing a few letters. Astrid grabbed the empty punch bowl and stopped a small dragon just before it hit the cake. Soom more came and she got them all in the bowl. "Fixed it!" Ruffnut explained.

"Dry banana Hippy hat?" Astrid exclaimed annoyed.

"Come on! Now we climb." Valka explained walking towards the new tall tower for dragons. Hiccup was covered in presents and it was hard to walk.

"No Mom that's too much you need to rest!" Hiccup ordered.

"We need to get to our birthday chills. I mean thrills!"

Making dreams

Making plans

_Go, Go, Go, Go!_

She opened the door and started going up.

Follow the string to the end you are my special son!

"Mom?" Hiccup said looking up at the long way to the top

"What! I'm fine." She insisted walking higher.

we're gonna climb

we're gonna sing!

Follow the string, to the thing.

Hiccup watched in horror as she danced around on the top, really close to the edge.

Happy Happy Happy

Merry merry merry

Hot Cold Happy day!

Hiccup dropped everything as his mother nearly fell. He grabbed her arm and they kneeled on the ground, Holding each other.

"Mom look at you, you've have a fever your burning up." He sighed and held her tighter.

Alright we can't go on like this

lets put this day on hold.

Come on, admit it to yourself.

"Ok." His mom shivered a little.

I have a cold.

They walked down holding onto each other and started for the great hall, to tell the others that she needed rest.

"I'm sorry Hiccup. I just wanted to give you one perfect birthday. But I ruined. it." She said.

"You didn't ruin anything. Come on, lets tell the others so you can rest." Hiccup started opening the door and was looking at his mom. He didn't see Astrid and Stormfly struggling against what looked like a hundred terrors. They saw him and stopped moving. Then all went into a stand and yelled.

"SURPRISE!" Hiccup turned and gasped.

"Wow!" He smiled.

"Wow?" Valka was confused. the kids from before and Ruffnut came up and lifted Hiccup up.

We're making today a perfect day for you!

We're making today a smile face so shiny and new.

Astrid held the cake away from jumping terrible terrors from on top of stormfly.

"There's a fine line between ciaos!" She said,

"And the hullabaloo!" Ruffnut chimed in.

So we're making today a perfect day

Making today a perfect day!

_H.I.C.C.U.P!_

Making today a perfect day for you.

"Happy birthday." Astrid said.

Making today a happy day and don't feel ever blue

Astrid laughed ans Stormfly let her down, she sled on the floor with the cake infront of Hiccup. "I love you Babe!" She explained. Hiccup gave her a look.

For everything you are to us

and all that you do!

"I do." Astrid smiled blushing. Ruffnut grabbed the cake and brang it to Stormfly who cut it with her spikes. the pieces flew to the tables and the terrors started eating

We're making today a perfect day

making today a perfect day

Making today a perfect day!

Valka touched her sons shoulder.

Perfect day!

"Ok. to bed with you-" She started dragging him outside.

"No wait wait. All that's left his for the Chiefs mom to blow the birthday bugle horn."

"Oh, No no no no no." He started. She sneezed into the horn and it came out loud. He smiled at her. they started for home. Seating in bed wrapped in a shall she got Hiccup the said chief smiled. "Best birthday present ever." He said.

"Which one?" She asked letting the shall drop. He put it back on.

"You letting me take care of you." She smiled and sneezed.

4. Everything is alright (rewrite)

song part it best read with the song playing. Simply type "everything is alright" on YouTube and press the one that says "to the moon" in the title.

* * *

><p>Astrid felt like she was gonna burst. Hiccup had been given the stuff and was out cold. She had no idea if he was gonna wake or be in Acoma for the rest of his life. Day's like this is when she knew truly, REALLY truly, how much she needed him at her side. After much argument Stoic had her go home but there she just paced back and forth. Her parents watched her with worry.<p>

"Astrid it might happen, he may wake but you need to give it time." Her mother said.

"But what if he doesn't, mom?!" She burst out stopping the pacing. "What if he is stuck in Acoma for the rest of his life until he dies!" At that point her mom got up and hugged her, but Astrid didn't have the will to cry so she just stood still and let her mom hug her.

"Always think positive. Never, and I mean NEAVER, say something about a moment like this that isn't positive." Her mom explained,

"But we're Vikings we can cope with-with a lose." Astrid said with a stutter.

"Vikings can kill with their finger, Vikings can't cry. Everyone cries Astrid! Everyone, Viking or not, everyone cries. People can cope with something like this but it takes time. Honey, give it time. You might love the result." her mom finished and Astrid looked at her in shock. She didn't know her mother had that in her.

"But what if I hate the result?" Astrid dared to ask.

"Then we work it out. we mourn together." She replied. That's when Astrid's father walked over and hugged both women. Astrid felt loved as she embraced her parents. But her mind was still back at the haddock house as the three finally departed. it was getting late, so they all headed to their bedrooms. Astrid lay awake staring at the sealing all night.

* * *

><p>That morning Astrid headed straight for the docks. Trader johan was coming and if - no, WHEN- Hiccup woke she wanted to do something for him that neither of them will forget but she needed a musical instrument to do so.<p>

* * *

><p>After an agonizing hour at the dock Astrid rode Stormfly to the chiefs house and ran in. Stoic wasn't there but he was at the docks and said she could go visit.<p>

"Hey Hiccup." She said, though he was unconscious and probably couldn't hear her. "Trader Johan came today." She spoke again. beside

the bed toothless gave her a look. All she could do was give him a half hearted smile. She sat next to Hiccup and continued to talk. "I was gonna beat up snotlout today. at johans ship, even at this terrible time he was talking about becoming the leader of the dragon academy. I did punch him in the face. but Stoic told me I could come see you. that stopped me from doing anything more to that snotface." She laughed quietly.

"You probably can't hear me. But I heard goober translate for gothie that we should talk to you. I didn't find out why because the chief made me leave before she wrote why." She sniffed slightly. "I know what you would say to me now. "The fearless Astrid Hofferson is about to cry?" I'm finally gonna admit it Hiccup. This part of Astrid was triggered by your stupid bravery. If it weren't for you being so darn cute and wanting to jump at the occasion to both meet a new Dragon and save your friends, we would all be dead today." Astrid sobbed and burried her face on his chest to cover the tears. "Please wake up." She sobbed.

"So darn cute?" Came a sarcastic, exhausted voice. Astrid froze. She sat up and rubbed the tears away.

"What?" She wasn't sure if it was her ears playing tricks on her or... "Hiccup?" She asked eagerly.

"Am I really that cute?" Came the voice again. This time Astrid saw the movement of his lips and his eyes slowly opened.

"Hiccup!" Astrid squealed embarrassingly. He cringed.

"Volume." He complained. By now, toothless knew and was ecstatic. He practically jumped on the bed and licked Hiccup almost from head to toe. Both of them didn't want to leave him. So toothless howled while Astrid covered Hiccups ears. Moments later Stoic, along with the other Dragon riders and goober, came running in.

"What's wrong?" Stoic demanded.

"Hiccups awake!" Astrid cheered hugging The said boy. Stoic ran over.

"Hiccup!" He exclaimed. The chief didn't bother waiting for Astrid to let go. He just pulled both of the teens in a warm hug. "This is a miracle." He said.

"Stoic, Hiccup is as stubborn as you. did you think he would give up that easily?" Joked Goober. Everyone laughed and Hiccup let out a groan.

"What's wrong Hiccup?" Stoic asked, the worry basically pouring out.

"He must still have a Head ach." Someone said behind them. It was the healer. "That's a sighed affect of waking up. But, no one EVER woke this quickly." She smiled at Hiccup and touched his forehead. "No fever but He should stay in bed for a few hours before getting back to normal."

"Just a few hours?" Astrid was grateful it wasn't more.

"Yes. The cure may be still lingering and we don't want him laying in bed any longer then two hours after waking so He doesn't get tempted to fall asleep again. One person did. and he didn't wake the second time." She explained. Stoic nodded, understanding. The other teens were over joyed by the will power of their leader and Hiccup took one look at Snotlout and laughed. He was sporting a black eye. The laugh hurt his pounding head so he placed a hand on his temple and started massaging it.

"Hiccup." Astrid said firmly.

"Yes?" He asked, thinking she was worried.

"How long were you listening to me and not saying anything." She replied.

"Uh." He began. He had woke when she sat on the bed. but her talking made him not want to open his eyes.

"Because of what has happened, I won't get angry." She said surprising everyone. Instead. she grabbed the rag that was in the bucket of cold water from before when he was burning up, and splashed it on his forehead. it was so cold and gave him an instant brain freeze. Even though it hurt He stilled laughed at his girlfriends version of "Not angry." She took it off and patted his hair. "That's for almost dyeing on me." He expected her to go in for a kiss. but. She didn't. So he asked.

"And?"

"You'll find out in two hours. And no later."

* * *

><p>indeed, two hours later Hiccup had no sign of a headache but he still felt groggy. The healer said he would feel like that for a few days.<p>

"Astrid want's me to take you to the great hall." Stoic said as he helped his son off the bed. Hiccup nearly fell to the ground.

"Legs. Sleeping. why toothless, why?" Hiccup complained. Toothless had been seating on Hiccups legs for the two hours and they had fallen asleep. Toothless laughed that laugh and the three headed out the door. Hiccup was greeted with happy smiles and hugs from the kids. He even was given Flowers by Ruffnut whom surprised him so much he thought it was a prank.

"Their Primroses." She said. "They symbolize friendship. Or the quote "I can't live without you."" Ruffnut smiled blushing.

"And they are edible." Tuffnut said coming up with green leaves coming out of his mouth. Hiccup stuck out his tongue in disgust. They left the twins and headed up the stairs to the hall. When stoic opened the doors the first thing Hiccup saw was a big paino that replaced the thrown. And beside it was Astrid.

"Woe." Was the only word Hiccup got out. He only read about pianos but hasn't been physically around one. "Astrid. How?-" he began as the trio got closer.

"When I was little. We went to that other village, remember?" She asked. Hiccup did. His crush and family had gone to visit friends at a different tribe because she was about to have a baby.

"Yeah, I remember."

"While there my moms friend taught me how to play. She said the piano was the only one, on the entire island. Two weeks ago I heard that they traded it to johan because no one played it anymore so I sent johan a letter saying save it for berk."

"That's incredible Astrid." Hiccup said in awe. He noticed Stoic had gone. But he didn't notice that his father was actually in the shadows. So he would think they were alone.

"Come here Hiccup." Astrid beckoned him ovet. He walked over and she sat on the stool, motioning him to sit too. He did so. And she started playing a beautiful melody. Her fingers glided with no fault over the old dusty keys. Then, she started to sing.

_Short steps _

Deep breath

Everything is

Alright

Chin up

I can't

Step into the

Spotlight

She said

I'm sad

Somehow without any words

I just stood there

Searching for an answer

He watched her fingers move with ease over the keys. He felt the tears coming.

**When this world is no more**

**The moon is all we'll see**

**I'll ask you to fly away with me**

**Until the stars all fall down**

**They empty from the sky**

**But I don't mind..**

**If your with me**

**Then Everything's alright **

She played silently for a moment. Hiccup rested his head on her shoulder. She smiled and let slip a tear. Stoic watched quietly from the shadow at the doors. Stoic had to hold himself back. Then, unplanned, Hiccups cousin and the other three of his friends walked in.

"Shh." Stoic ordered. They quieted down and looked at the two at the piano. Fishlegs and Ruffnut smiled happily for the two while Snotlout and Tuffnut watched with some confusion.

**Why do**

**My words**

**Always loose their meaning**

**what I feel**

**What I say**

**There's such a rift between them**

**He said**

**I can't**

**Really seem to read you**

**I just **

**Stood there**

**Never know what I should do**

**When this world is no more**

**The moon is all we'll see**

**I'll ask you to fly away with me**

**Until the stars all fall down**

**They empty from the sky**

**But I don't mind..**

**If your with me**

**Then Everything's alright **

She looked at Hiccup and smiled.

**If your with me**

**Then Everything's**

** Alright**

She played the last few notes and ended, still looking at Hiccup. Their friends clapped. But to the two, it was only them.

"And that's for everything else." Astrid said before kissing the boy she would never ever not love.

End
file.
